Making information available to the public

The Publication Scheme is a means by which HWPC can make a significant amount of information available routinely, without waiting for someone to specifically request it. The scheme is intended to encourage local people to take an interest in the work of HWPC and its role within the community.

In accordance with the provisions of the Freedom of Information Act 2000, this Scheme specifies the classes of information which HWPC publishes or intends to publish.

All formal meetings of HWPC are subject to statutory notice being given on the notice board on the High Street and the Website (www.hailweston.org.uk). HWPC publishes an annual programme in May each year. All formal meetings are open to the public and press and reports to those meetings and relevant background papers are available for the public to see. HWPC welcomes public participation and has a public participation session on each Council meeting. Details can be seen in HWPC's Standing Orders, which are available on its Website or at its Offices.

Occasionally, HWPC may need to consider matters in private. Examples of this are matters involving personal details of staff, or a particular member of the public, or where details of commercial/contractual sensitivity are to be discussed. This will only happen after a formal resolution has been passed to exclude the press and public and reasons for the decision are stated. Minutes from all formal meetings, including the confidential parts are public documents.

The Openness of Local Government Bodies Regulations 2014 requires written records to be made of certain decisions taken by officers under delegated powers. This does not include routine operational and administrative decisions such as giving instructions to the workforce or paying an invoice approved by HWPC but would include urgent action taken after consultation with the Chairman, such as responding to a planning application in advance of a meeting. In other words, decisions which would have been made by HWPC had the delegation not been in place.

The 2014 Regulations also amend the Public Bodies (Admission to Meetings) Act 1960 to allow the public or press to film, photograph or make an audio recording of council and committee meetings normally open to the public. HWPC will, where possible, facilitate such recording unless it is being disruptive. It will also take steps to ensure that children, the vulnerable and members of the public who object to being filmed are protected without undermining the broader purpose of the meeting.

HWPC will be pleased to make special arrangements on request for persons who do not have English as their first language or those with hearing or sight difficulties.

Disclosure Information

HWPC will as necessary undertake checks on both staff and Councillors with the Disclosure and Barring Service and will comply with their Code of Conduct relating to the secure storage, handling, use, retention and disposal of Disclosures and Disclosure Information. It will include an appropriate operating procedure in its integrated quality management system.

Data Transparency

HWPC has resolved to act in accordance with the Code of Recommended Practice for Local Authorities on Data Transparency (September 2011). This sets out the key principles for local authorities in creating greater transparency through the publication of public data and is intended to help them meet obligations of the legislative framework concerning information.

“Public data” means the objective, factual data on which policy decisions are based and on which public services are assessed, or which is collected or generated in the course of public service delivery.

The Code will therefore underpin HWPC’s decisions on the release of public data and ensure it is proactive in pursuing higher standards and responding to best practice as it develops.

The principles of the Code are:

Demand led: new technologies and publication of data should support transparency and accountability

Open: the provision of public data will be integral to the Council’s engagement with residents so that it drives accountability to them.

Timely: data will be published as soon as possible following production.

Government has also issued a further Code of Recommended Practice on Transparency, compliance with which is compulsory for parish councils with turnover (gross income or gross expenditure) not exceeding £25,000 per annum. These councils will be exempt from the requirement to have an external audit from April 2017. Hail Weston Parish Council may exceed this turnover but will never the less ensure the following information is published on its Website for ease of access:

- All transactions above £100.
- End of year accounts
- Annual Governance Statements

- Internal Audit Reports
- List of Councillor responsibilities
- Details of public land and building assets
- Draft minutes of Council and committees within one month
- Agendas and associated papers no later than three clear days before the meeting.
